## Donum Expands National Wine Distribution and Enters New International Markets

*For the first time, the Donum Estate's renowned 2019 Carneros Pinot Noir and 2019 Carneros Chardonnay will be available across the U.S. through new distributor partners.*

**SONOMA, CA. (October 23, 2023)** – [The Donum Estate](#), a leader in single-appellation Pinot Noir and Chardonnay from Northern California, announces its growing distribution across the globe. The expansion builds on Donum's legacy of crafting small production wines with depth and energy that are expressive of the soils in which the grapes are grown. New distributors will help bring Donum wines to even more people within ten states across the country and one new export market, with more in the coming months.

"At Donum, we are passionate about connecting with people who share our values and interests, whether that's a love for exceptional wine, a deep appreciation for the arts, or a commitment to preserving the environment for future generations," says Angelica de Vere-Mabray, Donum's CEO of nearly five years. "As we continue to grow, our focus remains on producing artisanal wines from California's top regions, not only showcasing the quality, but the craftsmanship and stories behind each vintage and vineyard."

Several distributor partners will help Donum extend this new wholesale reach beyond its California roots to a wider audience in the following areas.

- Southern Glazer's Wine & Spirits: *California, Florida, New York, Texas, Washington*
- Winebow: *Illinois, Minnesota, Wisconsin*
- Prime Wine and Spirits: *Georgia*
- Heritage Wine and Spirits: *Kentucky*
- Momentum Beverage Team: *Colorado*

Beyond the U.S., Donum's export is growing in Hong Kong, entering South Korea for the first time at Shinsegae, and slated for more international accounts later this year. This expansion closely follows another major moment of Donum growth this summer, as it acquired 52-acre Savoy Vineyard in Anderson Valley, to join the Donum portfolio of Carneros, Russian River Valley, Bodega and existing Anderson Valley vines.
